

# DataMaster End User License Agreement

## Introduction

This End User License Agreement (EULA) will provide the terms of service for anyone using the DataMaster software.

## Licensing of Use

This license gives the end user the right to use the DataMaster product. It can be used personally or for a company. However, this license does not provide the right to redistribute this software for any kind of value.

## Confidentiality

Please refer to the Privacy Policy to review the confidentiality that DataMaster guarantees.

## Limited Software Warranty

DataMaster will provide full technical support for one year after agreeing to the terms of service. Please see contact information below for a list of emails of the owners of this software.

## Termination

Any violation of DataMaster's EULA will result in a full termination of service.
